

“Scottish Veterans Housing Association” plump for Greengauge

SVHA in Edinburgh just off the Royal Mile has just decided to renew its old artificial bowling surface.

“The outdoor bowling green is an important facility for our residents.”
Kevin Sanderson Manager

“It was around 10 years old and badly in need of change. We wanted a new surface with good back up after sales servicing and having spoken to a few companies decided on the market leader Greengauge. I am sure it will be a great surface to bowl on.” Kevin is pictured with Colin Cooper on the new surface.

SVHA is a charitable residence offering independent living for ex service men and women of all ages.

Fitters Busy On The Job

This is a busy time of the year for Greengauge. Many indoor clubs require their mid term maintenance visit and our teams can usually be found working at 6 in the morning or 11 at night to avoid disruption to the schedules.

Also they are busy carrying out work on outdoor synthetic greens all over the UK and Ireland e.g. full power washing, re-stitching seams, repairing bases etc in time for the new season. If you need any work done on your green small or large contact **Germaine Weir** at our HQ

Germaine Holds The Fort

Many of you may have spoken to **Germaine Weir** when calling our HQ whether to book in that maintenance visit or if you just need assistance.

Germaine has only been with Greengauge for 10 months but has quickly learnt the ropes and is a key and valued member of staff. Have a problem or need a quote? Just give her a call.

Happily married with 2 young boys she also has outside interests in gardening, cooking and watching her boys play football on Sundays.

Does she play bowls? Our spies tell us she has been spotted practicing – watch this space!!

Please send your answer on a postcard/email to HQ marked **“BOWLS COMPETITION”** by **5.3.06** and the first correct answer pulled out of the bag will win the prize.

Another Delighted Customer for Greengauge Surfaces

Wonder Years Children’s Nursery in St Andrews came to Greengauge Surfaces looking for a new surface for their outdoor play area. They required a surface that was clean, safe and improved the look of the garden.

“The improvement in our outdoor area has been fantastic. We now have a clean and aesthetically pleasing surface for the children to play on and can offer parents peace of mind knowing that we have a safety shock pad underneath the grass. We are very happy with our new play surface, the installation was carried out professionally and we look forward maximising the benefits of our new garden play area in the future.”

Jackie Crush, Director, Wonder Years Nursery, St Andrews
